The Manager
Key Register QLD
P.O. Box 40
Collins Street Post Office
MELBOURNE 4000

Dear Sir,

I am very pleased that a long time ago I had my keys registered with you and received your label, with phone number for my pocket key folder.

A few weeks ago I received your phone call to tell me my keys were at the local fruit shop. I felt inclined to argue and say my keys were in my pocket. Imagine my surprise when I found they weren't.

The people in the fruit shop were also suprised as I go there regularly but they did not know they were my keys. From loss to recovery was a period of about fifteen miinutes which is very good service.

I am happy to give your key register my unqualified recommendation as key loss can cause considerable expense, frustration and anxiety and waste of good time.

I very much appreciate the service you rendered and thank you for it.

Yours faithfully
Les Hohl

P.S. You may use this as you wish.
